PROFESSIONAL SUMMARY

Objective

To work in the information technology field, focusing on software development and system maintenance, applying my technical and academic knowledge. Seeking professional growth through continuous learning, combining practice, innovation, and solid Software Engineering education.

Summary

Software Engineering student at University of Distrito Federal (UDF), with technical training in Systems Development from SENAI-DF and high school completed at SESI-SENAI DF. Currently working as an intern at DF Informática, with experience in development, maintenance, and system support. Proficient in programming logic, databases (MySQL), back-end development (Python, PHP, Laravel), and front-end development (HTML, CSS, JavaScript, React). Interested in Software Engineering, Artificial Intelligence, and curious about Cybersecurity, with focus on best practices and information security. Familiar with Microsoft Office Suite (Word, Excel, PowerPoint). Continuously improving technical skills and English language proficiency.

Behavioral Profile

Empathetic, responsible, and collaborative, with strong communication skills, ease for teamwork, organization, resilience, and ethical conduct. Committed to results, continuous learning, and professional growth.

TECHNICAL SKILLS

- • Programming Logic
- • Databases: MySQL
- • Back-end: Python, PHP, Laravel
- • Front-end: HTML, CSS, JavaScript, React
- • Version Control: Git and GitHub
- • REST API Development
- • Agile Methodologies: Scrum and Kanban (basic concepts)
- • Microsoft Office Suite (Word, Excel, PowerPoint)

EDUCATION

Software Engineering — University of Distrito Federal (UDF)

2025 – Present | Brasília, DF, Brazil

Technical Degree in Systems Development — SENAI Taguatinga

2024 – 2025 | Taguatinga, DF, Brazil

High School — SESI-SENAI DF

2024 – 2025 | Taguatinga, DF, Brazil

EXPERIENCE

Software Development Intern — DF Informática

2025 – Present | Brasília, DF, Brazil

- • Developed web systems using PHP, Laravel, HTML, CSS, and JavaScript
- • Maintained, debugged, and improved existing systems
- • Performed MySQL database queries and data manipulation
- • Participated in planning meetings and project follow-ups
- • Applied programming best practices and version control with Git

Academic and Personal Projects — Software Development

Ongoing

- • Developed web and desktop applications using Python, PHP, Laravel, HTML, CSS, JavaScript, React, and MySQL
- • Created management systems, REST APIs, and responsive interfaces
- • Repositories available on GitHub

Featured Project: Automated Irrigation System — 2025

- • Interdisciplinary project integrating programming, electronics, and web development
- • Arduino-based irrigation control, mobile app for remote monitoring, and responsive landing page
- • Technologies: Arduino, Python, MySQL, HTML, CSS, JavaScript, React Native

CERTIFICATIONS

Networking Academy — Python Institute

Statement of Achievement

Henrique Kawê

has successfully achieved student level credential for completing the Python Essentials 1 course, provided by Cisco Networking Academy in collaboration with OpenEDG Python Institute.

The graduate is able to proficiently:

- Design, develop, debug, execute, and refactor simple computer programs written in Python 3.
- Think algorithmically to analyze problems and implement them as computer processes.
- Use the syntax, semantics, and the most important elements of the Python Standard Library to write Python scripts and resolve typical implementation challenges.
- Understand the role of a programmer in the software development process.
- Attempt the qualification PCEP – Certified Entry-Level Python Programmer from OpenEDG Python Institute and continue their professional development at an intermediate level with Python Essentials 2.

REPÚBLICA FEDERATIVA DO BRASIL

SENAI — PELO FUTURO DO TRABALHO

O SENAI - Departamento Regional do Distrito Federal, certifica que

Kawe Henrique Silva Lima

concluiu em 24 de outubro de 2024

o curso de Estratégias Avançadas de Networking Profissional, com duração de 8 horas.

Brasília, 24 de outubro de 2024

Aluno(a)

intelbras — intelbras itec

CERTIFICADO

A **Academia de Conhecimento da Intelbras** declara que **Kawê Henrique Silva Lima** concluiu o curso **Técnico: central de comunicação condominial**, com carga horária de **5 horas** no período de **14/05/2024** a **14/05/2024.**

São José / SC, 14 de Maio de 2024.

Networking Academy

Certificate of Course Completion

Henrique Kawê

has successfully achieved student level credential for completing the Introduction to Cybersecurity course.

The student was able to proficiently:

- Explain the basics of being safe online, including what cybersecurity is and its potential impact.
- Explain the most common cyber threats, attacks, and vulnerabilities.
- Explain how to protect oneself while online.
- Explain how organizations can protect their operations against these attacks.
- Access a variety of information and resources to explore the different career options in cybersecurity.

ADDITIONAL COMPETENCIES

Tools and Technologies

- • Git and GitHub
- • Arduino and automation projects (IoT)
- • REST APIs

Soft Skills

- • Teamwork
- • Clear communication and proactivity
- • Problem-solving
- • Analytical thinking
- • Adaptability and continuous learning

LANGUAGES

- • Portuguese — Native
- • English — Basic (technical reading, basic communication, and basic pronunciation)
